EARLEY TOWN
COUNCIL

Grass Verge Becomes Environmental Site

The Borough Council has granted a planting licence for an area of verge along Rushey Way from approximately opposite the junction to Carshalton Way towards Marefield in Earley. Behind the public footpath on that side of the road is a small pond, known as Marefield Pond, which the Town Council has been maintaining to support wildlife for several years. It can be accessed from Rushey Way and the purpose of acquiring the grass verge is to increase the area of natural habitat to encourage the variety of species that inhabit the pond area.

A notice giving information as to what the project is all about is being prepared and, in due time, will be erected at the site.
